News Release

*For Immediate Release*

### **Roadway Improvements Slated at National and Trafficway**

As part of the National Avenue and East Trafficway Intersection Improvement project, construction activities require the closure of East Trafficway. Starting Monday, Oct. 15, 2012, National Avenue will be restricted to a one-way traffic lane in each direction and the West leg of East Trafficway will have a complete closure at National Avenue. The east leg of Trafficway will be closed with the exception of the northbound right turn lane onto Trafficway and the westbound lane onto National. Signage will be in place to notify motorists and detour signs will be positioned to route traffic around the closure.

The City is asking motorists to use caution while driving through the work zone and thanks them in advance for their patience and cooperation during this project.

For more information, contact: Brandon Braun, City of Springfield, at 864-1969.
