A few changes to this data:

- *The addition of The Fairfield Acres/Bissett Neighborhood Service Area.
- *The crime data for the Midtown NSA previously included the Walk-In Reports taken at the Police station on Chestnut, those have been removed to provide a more accurate account for the NSA.
- *Since there are multiple NSAs with identical foreclosure numbers, its not proportionate to rank from 1-26. I have since started including ties (all zero foreclosures tied for first place) so the rankings aren't skewed.
